**Subject:** Please enter into the record at the Atascadero City Council Meeting March 8, 2022 for Public Hearings Agenda Item B 2 .

Good evening Honorable Mayor Moreno and Council Members, my name is Ron Krall, I'm the CEO of North County Recycling and Compost a locally owned and operated facilities located in Paso Robles and Creston , CA.

As you continue to develop plans and ordinances to comply with SB1383, Cal Green and MWELO, North County Recycling and Compost has been preparing for SB1383 and expanding our ability to support with recycled post-consumer organic products of compost, mulch and wood chips sourced, processed and recycled back into our local community.

North County Recycling and Compost recycles 100% of our processed Food/Organic Green Waste and over 80% of our processed Construction and Demolition (C&D) material and can positively support your Cal Green and SB1383 Ordinances with diversion, documentation and reporting.

We have over 250+ tons per day of available capacity for use in complying with the SB1383 requirements, greatly reducing transportation costs and trucking distance, ultimately lowering the carbon footprint for all involved.

I look forward to any questions and working with all as we navigate the SB1383 rollout and build our Circular Economy, with a focus on cultivating a successful path for all.

Ron Krall

CEO
